THE COMPANY

Wise Automation is regarded as one of the leaders in innovation when it comes to home automation products. Within this short span of four years, we have entire range of home automation products with seamless integration to Mobile Application and Remote, Manufactured Proudly in India.

First mover advantage and innovation in the Electrical Automation is where Wise Automation has carved its niche potential by launching entire range of automation products.

Our customer centric approach towards innovation enables us to focus on 'Automation, Comfort and Convenience'. In addition, with Wise products, we ensure that our customers have cost savings and energy conservation.

Wise Mission - Our mission is to keep innovating market-defining high-quality automation solutions that add comfort to every consumer. We promise to deliver optimal solutions with quality services at affordable pricing. By spreading best in class technology and innovation, we are here to bring 'home automation' to every household in India.

Wise Vision - Our vision is to provide automation for everyone and reach million-plus homes in the next five years. We aim at becoming the leader in developing and providing best 'home automation' solutions in India by valuing and extending integrity, quality, and best service.

**INSTALL AND IT WILL REMIND YOU
MAGIC STILL EXISTS**

Backend Device

Wise Remote Control is designed for use in all places where electrical fittings have been used. Wise Remote Control (IR) is a receiver unit of small size which gets accommodated inside the switchboards (Both concealed and normal). It's a retro fitting, plug and play solution wherein no changes are required in existing wiring or electrical fittings during installation. Wise Remote Control Series is designed for home, hotels and hospitals.

WISE BACKEND DEVICE WITH IR REMOTE

Technical Specifications	
Power	230 V AC 50 Hz
Power Consumption	≤2 W
Input Power Source	Phase and neutral inside switch board
Total Lights Control Points	4 points On/Off
Total Fan Control Points	1 point with speed control
Max Wattage Each Control Point	150 Watt
Operates With	Remote
Remote Operating Voltage	2 X 1.5 Volts AAA Batteries
Remote Operating Distance	10 Mtr / 30 Ft
Weight	<200g
Warranty	1 Year

WISE BACKEND DEVICE WITH IR REMOTE AND MOBILE APPLICATION

Technical Specifications	
Power	230 V AC 50 Hz
Power Consumption	≤2 W
Input Power Source	Phase and neutral inside switch board
Total Lights Control Points	4 points On/Off
Total Fan Control Points	1 point with speed control
Max Wattage Each Control Point	150 Watt
Operates With	Remote + Wise Mobile Application
Remote Operating Voltage	2 X 1.5 Volts AAA Batteries
Remote Operating Distance	10 Mtr / 30 Ft
Weight	<200g
Warranty	1 Year

**WALLS GET SMARTER
AND BEAUTIFUL**

WISE TOUCH SWITCH - 6A

Technical Specifications :

Rated Voltage : 115-240V AC 50/60 Hz | Temperature Range : 0 to 60 Degree C |
Service Life : 1 Lakh Operations

Rated Load : Capacitive (LED, CFL 100W max)
Inductive (Fan, Motor 100W max)
Resistive (Bulb, Halogen light 500W max)

WISE TOUCH SWITCH - 16A

Technical Specifications :

Rated Voltage : 115-240V AC 50/60 Hz | Temperature Range : 0 to 60 Degree C |
Service Life : 1 Lakh Operations | Response Time : 0.01 sec

Rated Load : Capacitive (LED, CFL 200W max)
Inductive (Fan, Motor 200W max)
Resistive (Bulb, Halogen light 1000W max)

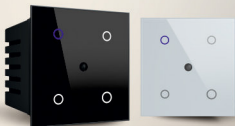

WISE TOUCH SWITCH - 30A

Technical Specifications :

Rated Voltage : 115-240V AC 50/60 Hz | Temperature Range : 0 to 60 Degree C |
Service Life : 1 Lakh Operations

Rated Load : Capacitive (LED, CFL 400W max)
Inductive (Fan, Motor 400W max)
Resistive (Bulb, Halogen light 2000W max)

WISE TOUCH SWITCH - 4 TOUCH

Technical Specifications :

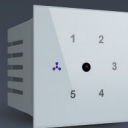

Rated Voltage : 115-240V AC 50/60 Hz | Temperature Range : 0 to 60 Degree C |
Service Life : 1 Lakh Operations

Rated Load : Capacitive (LED, CFL 100W max)
Inductive (Fan, Motor 100W max)
Resistive (Bulb, Halogen light 500W max)

STIMULATING IDEAS
INNOVATING TOMORROW

HARMONY OF EXPRESSION

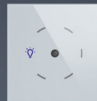

WISE TOUCH SWITCH - FAN DIMMER

Technical Specifications :

Rated Voltage : 115-240V AC 50/60 Hz | Temperature Range : 0 to 40 Degree C

Service Life : 1 Lakh Operations

Rated Load : Inductive (Fan 150W max)

WISE TOUCH SWITCH - LIGHT DIMMER

Technical Specifications :

Rated Voltage : 115-240V AC 50/60 Hz | Temperature Range : 0 to 40 Degree C

Service Life : 1 Lakh Operations

Rated Load : Capacitive (LED 50W max)

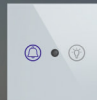

WISE TOUCH SWITCH - DOORBELL

Technical Specifications :

Rated Voltage : 115-240V AC 50/60 Hz | Temperature Range : 0 to 40 Degree C

Service Life : 1 Lakh Operations

Rated Load : Inductive (Doorbell 300W max)

WISE TOUCH SWITCH - DOORBELL + SWITCH

Technical Specifications :

Rated Voltage : 115-240V AC 50/60 Hz | Temperature Range : 0 to 40 Degree C

Service Life : 1 Lakh Operations

Rated Load : Capacitive (LED, CFL 100W max)

Inductive (Doorbell 300W max)

Resistive (Bulb, Halogen light 500W max)

WISE MOBILE APPLICATION

with Wise Mobile Application control your home, set scenes, schedule your appliances and automate your home.

**A BETTER WORLD OF GOOD IDEAS
AND GOOD LIVING**

SIMPLICITY

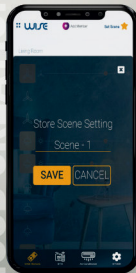

- **DASHBOARD**
Quick and easy configuration made for everyone

- **ADD ROOM**
Operate multiple appliances in a single room

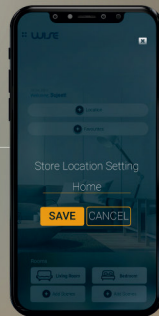

CONTROL

MOOD CREATION

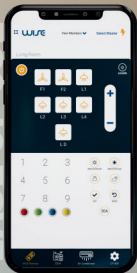

- **SCENE CREATION**
Setting scenes has never been simpler

- **ADD LOCATION**
Operate multiple locations with just one touch

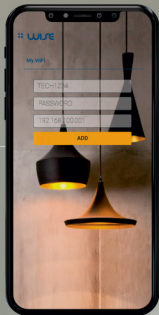

CONVENIENCE

EASE OF USE

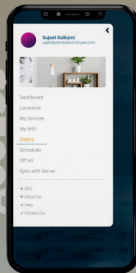

- **WISE REMOTE SCREEN**
Control devices the way you want

- **ADD WiFi**
Quick and easy configuration

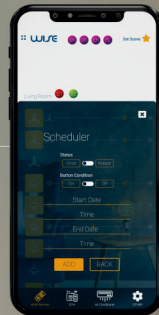

STAY CONNECTED

ACCESS

- **MENU**
A single access point for all your smart home needs

- **SCHEDULER**
Setting schedule for your appliances as simple as setting alarm

COMFORT

COMFORT & CONVENIENCE!

Wise Remote

Now control all the appliances without even leaving your couch.
Our intelligently designed Wise Remote Control is a statement of luxury, convenience and class.

WISE REMOTE

MASTER ON

Switch "ON" all devices with single touch

MASTER OFF

Switch "OFF" all the devices with just a single touch

BUTTONS

Dedicated buttons to control individual devices

INDICATION LED

Switch "ON" and "OFF" indication lights of touch switches

4 SCENE SETTING

Transform home light setting as per your mood

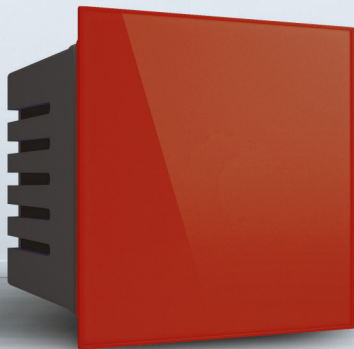

ERGONOMIC DESIGN

30A SWITCH

Operate any high voltage device with Wise Remote

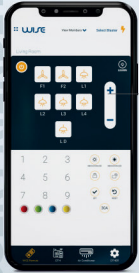

Universal Remote

A gateway of digital magic!
Wise Universal Remote is a source of your smart IoT experience. This elegantly designed Universal Remote controls IR controlled devices with a blink of an eye.

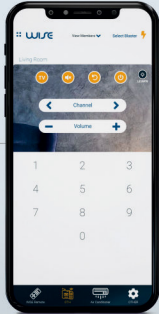

**YOUR WORLD AT
YOUR FINGERTIPS**

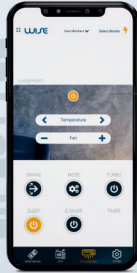

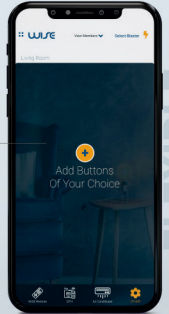

● **WISE REMOTE SCREEN**
Control devices the way you want

● **DTH REMOTE SCREEN**
Operate TV and DTH easily with Wise Universal Remote

● **AC REMOTE SCREEN**
Operate Air-Conditioner easily with Wise Universal Remote

● **CUSTOMISED REMOTE SCREEN**
Customise your choice of remote through Wise Universal Remote
